Gauleiter for Unterdonau (formerly Lower Austria)/ is particularly detested today; together with SEYSS-INQUARDT once carrying the main responsibility for treachery against Austria, he is today a broken man; is despised by Reich German colleagues as well as by the Austrian people / it is alleged that Jury during 'Aryanization' of Jewish property put quite a lot in his own pockets; in this way he attained gigantic wealth for himself, and he has known how to place this abroad; to keep this big swindle secret, he outwardly lives a very simple life by pretending he is a poor employee who only exists on his salary, but the Viennese know better.
